

The Hella logo is located in the top right corner of the image. It consists of the word "HELLA" in a bold, sans-serif font. The letter "E" is stylized with three horizontal bars in red, yellow, and blue. The background of the entire image is a photograph of a modern outdoor patio under a pergola. The pergola has dark brown slats that create a rhythmic pattern of light and shadow on the light-colored stone floor. In the background, there is a wall made of rough-hewn stones and some greenery with purple flowers. In the foreground, there is a low wooden coffee table with several lit candles in glass holders. A large, light-colored stone cushion is on the floor to the left of the table. A tall, slender, woven vase is on the right side of the patio. The overall atmosphere is serene and modern.

VENTUR

BIO-CLIMATIC PERGOLA

Essential aesthetics in very contained dimensions: exclusively horizontal cover in a perimeter of 270 mm.

Maximum reliability: structure entirely made from robust extruded aluminum profiles, and stainless steel joint structural components.

Perfect comfort: effective adjustment of light intensity and air recycling in the underlying area thanks to a motorized adjustment of louvre blades from horizontal position up to 120°.

Ingenious technical solution: the projection, as well as width, can be chosen down to the millimeter, without taking into account the width between the blades. Perfect seal against rain and water drain integrated into pillars. Possibility to combine multiple, even opposing, modules. Available both in its self-supporting version, and its wall-mounted version.

- Patented system for blades movement
- Maximum available size for single module
W.4.500 mm x S.6.180 mm
- Coating available in 4 standard colors: White 9016 Matt, Grey 9006 Matt, Ivory 1013 Matt, and Night Grey 7016.
- Accessories on request: Led Lights dimmer function on the whole perimeter, wind, rain, and snow temperature sensors.
- Upon request, retractable awnings with zip system fabric (integrated in perimeter's structure) Ventur Side.
