

The HELLA logo is positioned in the top right corner of the image. It features the word "HELLA" in a bold, white, sans-serif font. The letter "E" is stylized with three horizontal bars in red, yellow, and blue. The background of the entire image is a photograph of a modern building's exterior with a pergola structure. The pergola has dark horizontal slats and is supported by a concrete structure. In the foreground, there is a dark wicker table and several modern chairs with light-colored wooden legs and black mesh backs. The scene is brightly lit, suggesting a sunny day.

GHOST G2

THE PERGOLA WITH NO PACKING SPACE REQUIRED

A modern and exclusive design. Ghost is the first pergola with disappearing roof: each rolling profile is a small shutter box inside which, during closure, the fabrics making up the pergola's cover are rolled up.

Standard obscuring and waterproof PVC. Resistant to winds up to 100 km/h*. Rain drainage with a **minimum slope of 9° (16%)**.

Fabric always under tension in any open position. Springs and internal accessories made of stainless steel. Possibility of combining multiple modules. Available for wall or ceiling mounting, or self-supporting, even in its two slopes arrangement.

**depending on sizes.*

- Patented system for side guides width movement.
- Maximum available size for single module
W. 4.000 x S. 4.800 mm.
- Coating available in 20 standard colors.
- Accessories on request: Spotlights underneath the engine shutter box, spotlights for pillars, intermediate shutter boxes color matching fabric color.
- Roll-up awnings Closer 115 with retained fabric within the side guides, thanks to a system of rods.
